

PACE OF PLAY – EXPECTATIONS

All players and groups, regardless of size, shall play at a good pace. All groups (regardless of size) are expected to play in 2 hours maximum for 9 holes and 4 hours maximum for 18 holes. It is each group's responsibility (regardless of size) to keep up with the group in front of them and/or let faster players and groups play through.

If a group falls behind and is delaying the group behind them, or if there is space open ahead and a group behind is playing faster, the "slower group" must invite the group behind to play through and/or speed up, irrespective of the number of players in the groups.

READY GOLF – EXPECTATIONS

- Always be ready to play as soon as you can, even if you are not furthest from the hole. This applies on the putting green as well.
- The person putting should finish putting once started unless it interferes with other players "lines". Marking your ball and waiting takes extra time.
- If you are first to "putt out", please go to the next tee box and "tee off" if and when it is safe to do so. Tee off even if you are not the lowest score of the hole prior. The last person(s) to putt out shall replace the flag.
- Players shall move ahead of the furthest player(s) by traveling safely to the sides. Players may move ahead in a manner that is courteous to the player whose turn it is.
- Record scores on the next tee box or as you are playing the next hole.
- Talk and tell stories as you are traveling in between shots, not on the tees and greens.

COURSE ETIQUETTE - EXPECTATIONS

PLEASE

- Fix all ball marks on the greens even if they are not yours.
- Repair all divots on the course. Use the sand and seed provided or replace the divot.
- Drive carts on the paths near the tees and greens with all four tires on the path.
- Place rakes outside of the bunkers parallel to the edge opposite of the green.
- Rake bunkers better than you found them.
- Enter and exit bunkers on the opposite side of the green on the "low side".
- Take push carts & power caddies to the outside of the greenside bunkers. Do not go in between them.
- Keep push carts & power caddies off of the tee boxes.
- Take extra precaution in removing and replacing the flagstick in and out of the cups in order to not ruin the grass edges of the hole. Do not use your putter to remove the ball from the cup.

GENERAL COURSE INFORMATION

- All play will start on #1 unless otherwise directed by the ProShop
- **#10 tee is not a starting hole** unless directed or approved by the ProShop staff
- Players requesting to start on #10 will not receive permission unless #9 is completely clear from tee to green.
- Groups of more than 5 must receive permission by the Professional staff and must play the front nine. No "jumping around" unless the course, or a permissible # of holes are completely clear of other groups.
- Groups playing the "Whiskey Route" (10, 16, 17 & 18) must be considerate of others that are playing their round(s).
 - #14 & #15 must be completely clear from tee to green in order to go from #10 to #16 (Whiskey Route). Groups must play from #10 to #11 etc. if #14 and #15 are not clear for the "Whiskey Route".
- Music may be played at a low level and must not be heard outside of a 10' radius.
 - Music is not permissible in the "Fircrest Majors" as per the USGA Rules of Golf

-
- **HOLE #1:** Please wait until the group ahead has hit their 3rd shot or is on or "near the green" before teeing off. This helps with proper spacing (9/10 min tee time).
 - **HOLE #2:** Please stage someone on the top of the "hill" so you don't get hit into by the group behind. Please give the group ahead of you plenty of time to clear this area.
 - **HOLE #9:** Use the viewing deck near the water tank to scan the 9th fairway to make sure it is safe to play. Do so even if you think it is clear ahead of you, you may have caught someone w/out knowing.
 - **"Adverse Conditions"/"Winter Rules" Procedure:** A player may mark, lift, clean and place his ball within six inches (6") of its original lie, through the green, that is not nearer the hole, is not in a hazard and is not within thirty-six inches (36") of a tree trunk or out of bounds.
